

generative engine optimization (GEO)

Is your business taking AI into account?

We optimize your digital presence so AI (i.e.: ChatGPT, CoPilot, etc.) can find and recommend your business.

our solutionists will:

- Perform a detailed audit of your existing digital marketing strategy
- Develop a strategic, results-driven plan of action
- Revise and refresh existing website content
- Enhance and expand offering descriptions
- Add strategic credibility sections to your websites
 - Show FAQs, client testimonials, and reviews
 - Highlight professional associations, industry memberships, awards, and recognitions
- Standardize content across all digital platforms
- Clean up rogue or duplicate social media accounts and optimize profiles
- Evaluate your review management practices & audit your responses
